50X1-HUM

1. The Dessauer Waggonfabrik has received an order to build 1,500 special railroad cars for the USSR. The contract requires a monthly delivery of 140, but actually only 110 to 115 are being completed per month.
2. The following particulars are known:

Load capacity	-	25 tons
Number of axles	-	2
Length	-	10 meters (estimated)
Automatic couplings		
3. The contract stipulates "specially good bearings", and the car sides are said to be "exceptionally low".
